

My children have been to many different art classes in past towns we have lived in and I have to say the projects that they work on at The Art Place are exceptional. I can tell when they come home they have been happily entertained and challenged to grow at The Art Place.

THE ART PLACE?

We learned there's no such thing as a mistake. We can always turn something we don't like into something pretty...

My daughter was always very diligent with her homework so that she would be ready (a half an hour early- at least) to go to her class. We love your studio, it's so fun and whimsical!

Thank you!
